PROFESSIONAL SUMMARY

Staff iOS Engineer with 12+ years of experience designing and delivering native iOS and cross-platform applications across logistics, CRM, retail, field service, quality management, and consumer domains. Strong expertise in Swift, SwiftUI, UIKit, Flutter, scalable architecture, secure API integrations, CI/CD, and App Store delivery. Experienced in technical leadership, mentoring, release management, cross-functional collaboration, and AI-assisted development.

CORE SKILLS

Mobile Engineering

iOS, Swift, SwiftUI, UIKit, Cocoa Touch, Combine, Swift Concurrency, async/await, Combine, Auto Layout

Data & Integrations

SwiftData, Core Data, Stripe Payment SDK, REST APIs, JSON, Twilio VoIP SDK, SSL/certificate authentication

Leadership

Technical planning, estimation, risk identification, release coordination, mentoring, team guidance

Architecture & Design

Clean Architecture, MVVM, modular architecture, SOLID principles, dependency injection, protocol-oriented programming

Delivery & Tooling

Xcode, Android Studio, SPM, CocoaPods, Git/GitHub, CI/CD, Xcode Cloud, Jira, Postman, Crashlytics

PROFESSIONAL EXPERIENCE

Software Development Engineer III, *TruKker Technologies Pvt. Ltd.*

02/2025 – Present
Ahmedabad, Gujarat

- Design, develop, and release customer-facing features for the TruKker Partner iOS application.
- Translate product and design requirements into maintainable iOS implementations and support features through production release.
- Contribute to implementation, debugging, release readiness, code quality, and production stability for logistics workflows.

Senior Software Engineer, *RapidOps Solutions Pvt. Ltd.*

07/2020 – 07/2024
Ahmedabad, Gujarat

- Designed, developed, tested, released, and maintained enterprise iOS applications across CRM, retail, field-service, and quality-management products.
- Implemented scalable application features using Clean Architecture and MVVM to improve maintainability across multiple modules.
- Integrated Twilio VoIP SDK for in-app voice calling and Stripe Payment SDK for secure mobile payment flows.
- Implemented REST and JSON integrations with certificate-based SSL authentication for secure data exchange.
- Coordinated alpha and beta distribution, production release readiness, and Jira-based delivery across cross-functional teams.
- Documented application architecture, system flows, integration requirements, and release processes.

Senior iOS Developer, *Techniexe InfoLabs LLP*

06/2019 – 07/2020

- Managed Git branching, tagging, versioning, and third-party dependency integration across multiple iOS projects.
- Integrated analytics and Crashlytics and supported command-line build distribution for application releases.
- Mentored new iOS developers in implementation, debugging, architecture, and mobile development practices.

Ahmedabad, Gujarat

Senior iOS Developer, *Verve Systems Pvt. Ltd.*

01/2016 – 06/2019

- Analyzed client requirements and translated them into feasible and maintainable iOS technical solutions.
- Integrated RESTful services and JSON-based APIs into production mobile applications.
- Led technical planning, task allocation, effort estimation, risk identification, decision-making, and team coordination.

Ahmedabad, Gujarat

Junior iOS Developer, *Connection Phase*

05/2015 – 12/2015

- Integrated third-party libraries and APIs, resolved application defects, and optimized the performance of iOS features.

Ahmedabad, Gujarat

Junior iOS Developer, *Quantum Technolabs Pvt. Ltd.*

04/2014 – 05/2015

- Developed and maintained iOS application features using UIKit, Core Data, Foundation, Core Graphics, and Core Animation.

Ahmedabad, Gujarat
